

Quotation for OJS Installation and Journal Creation

Client: ezesundayeze827

Website: <https://www.gbjournals.org/>

Date: 16 October 24

Scope of Work:

This quotation includes the installation of the Open Journal Systems (OJS) platform, creation of multiple journals, customization of themes, and article data entry for the website. Below are the detailed costs associated with each service.

1. OJS (Open Journal Systems) Fresh Installation

- **Description:**
The installation of the latest stable version of OJS on the provided hosting server. This includes configuring the server for optimal performance, setting up database connections, and ensuring that the system is fully operational.
 - **Inclusions:**
 - Installation of OJS.
 - Configuration of server settings.
 - Database setup.
 - Testing and verification of installation.
 - **Cost: \$300**
-

2. Creation of 80 Journals

- **Description:**
This service includes setting up and creating 80 individual journals within the OJS system. Each journal will have its own unique settings, editorial workflow, and distinct branding where applicable.
 - **Inclusions:**
 - Creation of up to 80 journals.
 - Basic configuration for each journal (e.g., editorial roles, submission workflow, and publication settings).
 - Basic design setup using the default OJS theme.
 - **Cost: Included in OJS Installation Charges**
-

3. Theme Customization

- **Description:**
Customization of the OJS theme to reflect the client's branding, including changes to layout, colors, and fonts. This ensures that the journal platform is visually appealing and user-friendly.

- **Inclusions:**
 - Modifying the default OJS theme based on client specifications.
 - Adjustments to CSS for personalized look and feel.
 - Ensuring compatibility across different web browsers and devices.
 - **Cost: \$150**
-

4. Article Data Entry

- **Description:**

Entry of article metadata and PDFs into the OJS system. This includes adding article titles, authors, abstracts, and PDF files for publication in the respective journals.
 - **Inclusions:**
 - Entry of article metadata (title, authors, abstract, etc.).
 - Uploading of article PDFs.
 - Ensuring proper categorization and indexing of articles within the respective journals.
 - **Cost: \$0.25 per article**
(e.g., Data entry for 100 articles will cost \$25)
-

Total Estimated Costs:

- **OJS Installation: \$300**
 - **Theme Customization: \$150**
 - **Data Entry:** Based on the number of articles (e.g., for 100 articles, the total data entry cost would be **\$25**)
-

Terms and Conditions:

1. Any additional features or customization outside the defined scope will be charged separately.
 2. Delivery timeline will be communicated once the project is initiated.
-

Thank you for considering our services!
